I live in Kazakhstan. Kazakhstan, officially Republic of Kazakhstan, has the population on 19 million people, and territory 2,719,500 sq km, is situated in central Asia. It borders on Russia in the north, China in the east, Kyrgyzstan, Uzbekistan and Turkmenistan in the south, and the Caspian Sea and European Russia in the west. Astana is the capital and Almaty (Alma-Ata) is the largest city. Other major cities include Shymkent, Semey, Aqtobe and Dskemen.

Kazakhstan consists of a vast flatland, bordered by a high mountain belt in the southeast. It extends from the lower Volga and the Caspian Sea in the west to the Altai mts in the east. It is largely lowland in the north and west, hills in the central (Kazakh hills) mountainous in the south and east. For example; Tian Shan and Altai ranges. Kazakhstan is a region of inland drainage; the Syr Darya, the Ili, the Chu, and other rivers drain into the Aral Sea and Lake Balkash. Most of the region is desert or has limited and irregular rainfall.

A. Hey Jack - What's up? How is your life? Do you remember that you lent me your dictionary? I'm really sorry. Forgive me. I didn't do it on purpose. I wanted to return it yesterday but I couldn't. I know it's my bad. However, I have a reason why. I didn't return a dictionary yesterday cause we have visited to the my grandfather's home with my family. I really forgot about a dictionary. His birthday was yesterday. He is 87 already. I was very busy to make a present for him. I want to make him happy, because he took care of me when I was little. I remember all the good things what he did for me. It was fascinating and important day, even I forgot my promise to you. Yesterday I was exhausted. So I can't bring it to you today. Don't be offended to me. I appreciate you.

Aruchan!

I'm have been working at my English accent. At the point in time, this is besicit for me. The majority of, the most absorbing country. I will visit this - New York. New York - dream country. The pretty, attractive buildings so satisfying. Earn money on New York so cool for me. I'm have been working at my future. And I promise, my dreams come true.

A in 2002 Alex Lenkei had a problem with the bone in his arm and he needed a serious operation. Normally with an operation like that, the doctor gives the patient an anaesthetic so that he or she doesn't feel any pain. But Lenkei refused the anaesthetic. Instead he hypnotized himself and simply told himself that he could not feel any pain signals do not reach his brain when he is hypnotised. The doctor, David Hlewellyn-Clerk, was a bit worried. He had to take some bone from Lenkei's arm. He watched Lenkei carefully during the operation, as he wasn't sure that Lenkei could feel no pain! "I didn't think Mr Lenkei could bear us," said Dr Hlewellyn-Clerk but half way through the operation he said "How's it going?" That's when the doctor realised that Lenkei was not in pain. The operation lasted 23 minutes.
